Crazy Mistigri

THE BLACK CAT IS UNLUCKY!

A reworked, crazy version of the all time classic Mistigri ! Try and get rid of the funny cats who are creating havoc and give them to your opponents. The identical cards discarded together add a touch of fun: give the cards to other players, change direction, get the next player to take more than one card... Above all make sure you do not have the black cat at the end of the round.

FACE DE BOUC

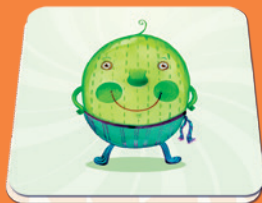

THE FUNNIEST BLACKOUTS!

Make up a name for the characters as and when they appear: Chubby? Auntie Babs? Mr Watermelon? Bobblehead? Whatever you like! But when a character reappears, remember his name quickly and be the first to shout it out!

A really simple game which encourages creativity and fun.

Children will love playing it together and so will parents and children (who often win!)

Can be played over and over: everyone is sure to laugh out loud every time!

Keep COOL

WARM HAND, COOL HEAD!

Get your neighbour on your left to guess your 4 words AND guess the 4 words of your neighbour on your right. On your turn, you have 8 seconds to say 1 single word:

- **EITHER** to give the neighbour on your left a clue
- **OR** to answer and guess a word from your neighbour on your right.

... and **WITHOUT** saying who you are speaking to!

The game goes on and on... a new word every 8 seconds...

Is it a clue? An answer?

Don't lose the thread... and keep COOL !

A clever communication game for players who don't fluster easily!

KALEIDOS

A FASCINATING GAME OF OBSERVATION

How many different objects do you think you can find in this illustration? Say a number... multiply it by a hundred and you are getting close! Before the egg timer runs out, try and uncover as many words as possible beginning with the same letter in one of the game's incredibly surrealistic pictures. Be quick but above all be smart - the most valuable discoveries will be the ones that you are the only one to notice. Take it easy as a family or play in teams of up to 12 players for more frenzied games.

KALEIDOS Junior

OPEN YOUR EYES AND LOOK CAREFULLY!

The highly detailed illustrations are home to a multitude of objects. The game can be played in three different ways depending on the age of the players.

1 For younger children

Put the tokens on the corresponding object of a pre-determined category: things made of paper, sharp objects, things which can be eaten ...

2 For slightly older children

Put the tokens on the objects which begin with a specific letter of the alphabet ...

3 For older children

On a sheet of paper, write down the objects which begin with a specific letter of the alphabet ...

The overall winner will be the player who spots the largest number of objects.

Calculodingo!

FUN ADDITION AND SUBTRACTION GAME

To make your child expert in mental calculation, choose a concept to work on: addition, subtraction, double, units and tens, even and odd numbers, comparisons or suites ...

Calculodingo is a fun educational tool to address or review math concepts. The 12 rules are listed by theme (addition, subtraction, comparison ...) and accessibility (from 5, 6, 7 year old...). Each rule addresses only one notion. Suitable for children from 5 years old, CalculoDingo will evolve with the level of your child.

+ PRODUCT BENEFITS:

Calculodingo is very playful despite its educational objective. Diversified activities and allows to use the game at different ages.

Fracto DINGO

THE FIRST CARD GAME ON FRACTIONS

Play battle, rummy and mistigri to help pirates share their treasure!

Cards are divided into 3 levels of difficulty, according to the notions that you want to learn or revise. During parties, children work on:

- representations of fractions (6 different representations)
- comparisons of fractions
- reducing fractions
- adding fractions with the same denominator
- adding a fraction to an integer

+ PRODUCT BENEFITS:

A self-correcting system enables to check whether the correspondence between any of the six fraction representations is correct. The child learns independently.

MULTIPLO DINGO

FUN MULTIPLICATIONS AND DIVISIONS GAME

To make your child expert in mental calculation, choose a notion to work: multiplication, division, squares or the 4 operations. MultipluDingo is adapted to children from 7 years old and will grow with your child. The 7 rules are simple. Each rule addresses a specific notion. The principle is fun and the four game characters (Kata, Padbol, Dingo and Sacréplus) are cheerfully illustrated.

MultipluDingo is the perfect little game to do math all year and make friends with numbers.

+ PRODUCT BENEFITS:

A self-correcting system enables to verify whether the association between a multiplication and its result is correct.
